#### Dos Rios Announces Investment in West Texas Boring:

**AUSTIN, TEXAS** - Dos Rios Partners, a Texas-based private-equity firm, has partnered with International Energy Holdings to acquire West Texas Boring Co., Inc. ("WTB" or "the Company"), the Permian Basin's leading provider of horizontal directional boring services. WTB helps customers timely and safely connect oil and gas pipelines to the infrastructure grid.

WTB, which is based in Odessa, TX has a 40-year operating history and enjoys strong relationships with some of the largest E&P operators and pipeline companies. WTB's extensive operating experience has allowed the Company to perform some of the most technically challenging bores within the basin.

"The Permian Basin is experiencing exceptional oil drilling activity as a result of the shale oil boom," said Turner. "Along with our friends and partners at International Energy Holdings, we are excited to partner with Mark Jones and his team at WTB. We believe the Company is well positioned to benefit from the region's continued projected growth."

#### ABOUT DOS RIOS

Dos Rios is a Texas-based private equity partnership formed by four Partners- Bo Baskin, Wayne Patterson, Jay Turner and Kevin Benoit. Dos Rios invests in the junior (i.e. common, preferred and/or mezzanine) securities of proven, growing niche businesses with approximately \$2.0-8.0 million in EBITDA, generally alongside strong, motivated management teams. Dos Rios can help these small businesses with either control or non-control transactions.

"Dos Rios" refers to two great rivers- the Mississippi and the Rio Grande. These great rivers and the Gulf of Mexico, into which these rivers flow, cradle the six-state regional niche (i.e. Texas, Arkansas, Colorado, Louisiana, New Mexico and Oklahoma) on which the Fund focuses. This area constitutes the country's fastest growing region.

Dos Rios is strategically located in three major metropolitan areas and five major cities (i.e. Austin/San Antonio, Dallas/Fort Worth and Houston).
